Official Paper of the City.

No Report.

Some trouble with the line, supposed to be between here and Milton, leaves us without a report this afternoon. Just at this time this failure is peculiarly provoking, but can't be helped.

Official Votes—Majorities.

We find in different exchanges, to-day, the following official reports of the canvass made yesterday:	Colo.	Knowlton.
Dane county.....	1033	
Racine.....	1223	
Kenosha.....	145	
Judge.....	3063	
Milwaukee.....	239	
Rock.....	642	

The Prospects Ahead.

It is evident that a crisis has arrived in the affairs of the national government.—The president has delayed the enforcement of the laws in the rebellious states; they have had ample time to reconsider their rash acts and conform to the requirements of the national constitution; but it is useless to put off the execution of the laws with a hope of reconciliation. Those who have usurped the direction of affairs in the seceding states manifest no disposition to agree to any terms of reconciliation, and the only course left for the administration is the vigorous enforcement of the laws.

If fraternal blood is shed in accepting this dire alternative, certainly no blame can be attached to the administration of Mr. Lincoln; the responsibility will rest solely upon the misguided people of the seceding states.

It is possible, nay probable, that civil war will be the consequence of this deplorable state of things. Let it come, then, will be the answer of every friend of the country; let us accept the horrors of civil strife for a season rather than national dishonor and the loss of our self-respect.

In addition to the internal troubles of the country, our foreign relations are not altogether satisfactory. European nations appear to be anxious to take advantage of our misfortunes, and rumors are rife that naval forces are to be sent to our coasts, to reap whatever fruits they can from American dissensions. The Mexican nation, remembering with bitterness the result of the late war upon them by this country, is preparing to invade Texas, to reclaim the territory taken from them.

Such being the circumstances which surround us—civil war at home and attacks threatened from abroad in consequence of our supposed weakness—it becomes every American, who would uphold the old flag and save our nationality from destruction, to rally around our government at Washington, and sustain it.

It seems eminently proper, in view of dangers so threatening, that our legislature, which is fortunately now in session, should manifest its sympathy with the government, by proper resolves, as well as by such legislation as the necessities of the case demand. We trust that our military laws will be amended so as to enable the state to prepare for efficient action, and measures be taken that Wisconsin may bear her share in the coming conflict for the supremacy of law and order in the national union.

Legislative.

The Madison Journal of last evening, makes the following synopsis of the proceedings of the legislature yesterday:

A number of important bills were disposed of in the assembly this morning.

The apportionment bill, dividing the state in senate and assembly districts, was passed.

The bill to enlarge the hospital for the insane, and appropriating \$40,000 for the purpose, \$20,000 of which is to be expended the present year, was passed.

The bill repealing the geological survey was referred to a select committee of five. The bill appropriating \$30,000 to explore the lower Magnesian Limestone in the lead regions, for minerals, was lost by a decisive vote.

Senator Phillips' general railroad law, which had passed the senate, was rejected by the house last evening.

HEALTH OF THE PRESIDENT.—Letters from Washington represent that Mr. Lincoln has been in feeble health for several days, though he was improving at last accounts. The correspondent of the Evening Post says "it is impossible for the President to pass over political contests and rivalries with the ease of a callous-hearted, hypocritical man of the world, and hence his very virtues are a source of danger to him. The crowd attendant upon the White House diminishes daily, and there is ground for congratulation in that fact. In a few weeks the President will be allowed the enjoyment of a comparative quiet."

DOUGLASS OFFICIAL.—Knowlton 4,646, Cole 1,532—Knowlton's majority 3,063.

EDWIN WHEELER is elected judge of the Oshkosh and Green Bay circuit by a plurality of some 2,500. His opponents were Morgan L. Martin and E. H. Ellis.—Ellis had a majority in Brown county, Martin in Outagamie county, and Wheeler a nearly unanimous vote in Winnebago county.

MILWAUKEE COUNTY JUDGE.—Albert Smith, a republican, has 3,661 majority over Clinton Walworth, a democrat. A great republican gain and victory, according to democratic argument, when a democrat beats a republican in a republican locality.

FINAL ADJOURNMENT.—The two houses of the legislature have agreed to adjourn sine die at 9 o'clock A. M., on Monday next.

Wm. T. Atwood, of Madison, has been appointed to a \$1200 clerkship in the department of the interior.

The census is to be taken in France during the present year.

Official Canvass.

The following is the official canvass of the vote in Rock county for Associate Justice of the Supreme Court and County Judge at the election, April 2, 1861.

Town.	Colo.	Knowlton.	Pritchard.
Arvon,	76	132	
Bradford,	74	105	
Beloit,	101	123

	2d " "	132	232	364
	3d " "	124	45	169
	4th " "	142	275	417
		2416	3058	5510

C. A. Eldridge received 43 votes in the town of Arvon, 2 in the town of Center, 14 in the town of Johnstown, and 4 in the town of Magnolia. James Knowlton received 9 votes in the town of Magnolia, and O. Cole 2 in the 3d ward of the city of Beloit. There were 12 scattering votes in the county.

From Washington.

[Telegraphic Cor. Cincinnati Commercial.]

WASHINGTON, April 6. Lieut. Talbot, the special messenger of Major Anderson, arrived here early this morning. He was immediately taken to the White House by Secretary Cameron.

The information he brought induced the president to convene an extra cabinet meeting, which remained in session nearly two hours. Nothing has yet transpired as to the precise character of the dispatches.

Much significance is justly attributed to the failure of a number of members of the Virginia legislature, who came here to urge a continuation of the present military status of the south, to obtain satisfactory assurances at an interview they had with the president last evening.

Mr. Segar, one of their number, openly declared this morning that they could do nothing with the executive, and that the country was on the brink of civil war.

The arguments before the naval court martial in the case of Commodore Armstrong, were concluded this morning by the well known criminal pleader, P. Phelps, of this city, with a brilliant effort in behalf of the accused.

The trial has been one of the most remarkable on record. It was most touching sight to see thirteen commodores in the navy, none of whom had seen less than forty years service, and all of whom had fought and bled in the defence of the stars and stripes, set in judgment over one who, after a spotless career of over fifty-two years, was now arraigned upon the charge of cowardice and treason.

The result of the trial will probably be known on Monday.

The sleep-of-war Pawnee left the Washington navy yard for Norfolk, Va., at 8 p. m. She sailed with sealed orders, and her officers and men are utterly ignorant as to their ultimate destination. She carries eight nine-inch Paikhan guns, two twelve pounders and a hundred and ninety men. She was put in perfect fighting trim before starting.

Mr. Russell, of the London Times, dined with the southern commissioners yesterday. He is about leaving for the south.

Marshall Sands and Gov. Dennison, and Attorney General Wolcott arrived here this morning. The former two will urge Col. Swain as a proper successor to Judge McLean. They will find that the president's old friend, Judge Logan of Illinois, stands most in their way.

The name of Secretary Chase is also connected with the same position by some of his Ohio friends. But I do not think that he has the slightest desire to be placed on the bench.

John Corwin returned here last night; he will embark next week from New York on a government vessel. The Mexican government has tendered him an escort from Vera Cruz to the capital.

MONEY MATTERS.—There is nothing new to-day in regard to currency matters. The brokers are buying the rejected 75 cents, and are bear of outside money paying a small fraction higher. Seventy-five cents is regarded as the "current rate." The volume of our currency has been reduced about one-half by the thorough revision our bankers have given it. The Illinois list embraces \$5,655,022, and that of Wisconsin \$2,038,528. The footings are \$7,748,530. The brokers are now buying the stuff at 75 cents; but if on an average they get rid of it at 80 cents the people of the west will lose more than a million and a half of dollars. The issues of the banks, not in the rejected list amount to \$7,854,853, and the business of the two great states of Illinois and Wisconsin will furnish profitable employment for that amount of currency. Hence it is believed the owners of these banks will, if possible, keep them good. If we understand the Illinois law correctly, our banks will all be forced to make good to keep on paying. They will have to keep on paying, and there is ground for congratulation in that fact. In a few weeks the President will be allowed the enjoyment of a comparative quiet.

CALIFORNIA UNION RESOLUTIONS.—The following is the official synopsis of the resolutions adopted by the California legislature by a vote of 40 to 22:

Resolved, By the assembly, the senate concurring: That the withdrawal of California from its membership and obligations in the Federal Union, in defiance of the general government, can only be accomplished by a successful resistance to the whole power of the United States. Second, Decent respect to the opinions of the people of the civilized world, and the instinct of self-preservation, demands that the United States government should use all the power necessary to protect its property. Third, The people of the state of California will sustain and uphold the constitutionally elected officers of the United States government in all constitutional efforts to preserve the integrity of the Union, and to enforce obedience to the acts of congress and the decisions of the courts. After the laws have been enforced, and the power and authority of the constitution and government of the United States recognized and acknowledged, every feeling of compromise and high-handed demands that such compromises are as consistent with justice shall be made for the purpose of restoring that harmony which should characterize the people of a common country.

Sun still shining as we go to press.

APPOINTMENTS.—The Wisconsin says that it seems to be generally admitted that the following appointments have been fixed upon, although the parties have not yet received their commissions. The "most of them have had assurances that the appointments are a sure thing:

D. C. Jackson, of Menasha, as United States marshal; his office to be in Milwaukee.

J. B. D. Cogswell, of Milwaukee, as United States district attorney, his office to be in Milwaukee.

Peter Van Vechten, of Milwaukee, as special mail agent for the Northwest.

A. H. Burdick, of Milwaukee, as route agent on the Milwaukee and Chicago railroad.

Wm. M. Dunn, of Chicago, as route agent on the Chicago & Milwaukee railroad in the place of J. R. Hobbs.

Frank Smith, of Milwaukee, as route agent on the La Crosse and Milwaukee railroad. Frank was deputy sheriff under A. J. Langworthy's sheriffship.

Mr. Potter, of Eagle, as route agent on the Milwaukee and Prairie du Chien railway.

Frank Townsend, of Milwaukee, a graduate of West Point, has received a lieutenant in the army.

Dr. Selby has been appointed pension agent, for Wisconsin, and L. L. Crouse has a clerkship in the treasury department, both of Milwaukee.

THE TAX UPON NORTHERN SHIPMENTS.—The Vicksburg Whig of the 25th ult., states that from \$1,500 to \$2,000 were collected there the day previous under the tariff laws of the new confederacy. Of course, this was all upon products of the United States, which the seceding states previously received free of duty.

ALL SORTS OF PARAGRAPHS.

Mr. Smith, the secretary of the department of the interior, has given directions that no more land warrants are to be issued from the pension office to citizens of the seceded states.

John Johnson, a negro, was convicted at St. Louis, Mo., on Friday, of running off slaves, and sentenced to five years' imprisonment in the penitentiary.

The pacer Emma beat Ethan Allen the trotter, in New Orleans, on Saturday week, in a match for \$2,000, three best in five. Time, 2:50 3/4, 2:52 1/2, 2:53 1/2.

The Wigwag in Chicago was sold at auction on Friday morning, for \$950. Orrington Lunt was the purchaser.

A company of forty-one children, neatly dressed, and looking bright and happy, left New York on Tuesday for homes in the west.

A man named Thos. Guldin, in Litchfield, Herkimer county, New York, loaded a gun with wheat, on Sunday last, and shot himself through the head. He had been for some time partially insane.

The Pacific Ocean is something of a pond, possessing an area of 89,600,000 miles.

In England one person in every 3,100 reaches the age of 100.

They have got an oil well in Pennsylvania 744 feet deep. This is the deepest one on record.

POSTMASTER AT WOODSTOCK.—Abraham E. Smith, editor of the Woodstock (McHenry county, Ill.) Sentinel, has been appointed postmaster at that place.

Mr. Russell, of the London Times, now in this country, is being much lionized by the editorial and literary gang. He is a round, fat, oily-looking little man, and leaves just such an impression as one might suppose he would leave after reading his graphic narratives.

Potatoes are arriving at Philadelphia from the west in large quantities, and selling at from 65 to 80 cents per bushel.

MAJ. ANDERSON'S LOYALTY.—The rumors which the chivalry started about Major Anderson's want of fidelity to the Union are now admitted by them to be entirely false.

THE WHEAT AND FRUIT CROPS IN ILLINOIS.—The Prairie Farmer gives extracts from its correspondents in all parts of the state, all of whom speak in the most hopeful terms of the prospect of a heavy wheat crop the ensuing harvest. Those in the south part of the state also say that the fruit crop will be abundant in that part of the state.

On Thursday week the lightning struck a straw stack near the village of Decatur, Green county, which it set on fire, and at the same time killed two cows and a number of hogs.

The Mississippi is free of ice to the foot of Lake Pepin.

Oliver Wendell Holmes calls a kiss a limping consonant. He should have added that it usually follows a vowel.

The latest foreign news contains nothing to corroborate the statements recently put in circulation respecting the fitting out of British and French fleets of observation for the United States.

OWN OF THE SIGNS OF THE TIMES.—Ninety-nine out of every hundred of the down town marble palaces of New York are either for sale or let.

A manufacturer at Hadley, Mass., has contracted to furnish 30,000 wooden soles for thick boots and shoes. They are made of buttonwood.

A sudden darkness, which lasted an hour, came over Norfolk, near London, on Ash Wednesday afternoon. Men lost their way, and cattle became frantic with fear.

A fresh water spring has been discovered at sea, about eight miles off the coast of St. Augustine, Fla., which boils up with such force as to be seen two miles off and has generally been mistaken for a breaker. It is pure fresh water, and ships have lately supplied themselves from it by throwing over a bucket.

GOOD ENOUGH.—The republican gain at the late Connecticut election, on the popular vote, is something over 1,100.

The Choctaw delegates at Washington deny the story started by the Tribune, that the Choctaws and Chickasaws were holding a secession convention.

REPORT FOR THE DAILY GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE, Office in Union Passenger Depot.

LAST NIGHT'S REPORT.

NEW YORK, April 9. A special from Charleston to the Herald states that the authorities had received official notification that supplies will be furnished Anderson at any hazard.

Immense preparations immediately commenced. Orders were issued for the entire military reserve to proceed to their stations. Four regiments of 1000 each have been telegraphed for from the country. Ambulances and other preparations for wounded are being made.

At midnight 7 guns from the citadel was the signal for the assembling of all reserves, and the city was thrown into the greatest excitement. The regular regiments, 600 strong assembled in an hour and left for the fortifications at 3 o'clock in the morning. All the vessels in the harbor necessary for transportation will be put in service by noon.

A fleet of 7 government vessels is reported off the bar. Maj. Anderson displayed signal lights during the night from the walls of Sumter.

It is believed that the fight will commence at 8 o'clock, 25 miles southward. The batteries along the coast being silenced in turn, and after clearing Morris Island, the government forces will cross to Ft. Sumter while Anderson engages Fort Moultrie.

Lieut. Talbot was denied admission to Sumter by the authorities.

R. S. Cheever brought dispatches from Washington to Gov. Pickens, and in company with Lieut. Talbot left for Washington at 11 last night.

A special despatch to the Herald says that offers of volunteers from the border states, coming to the aid of Montgomery, and tenders of 7,000 men and 2,000 Indian warriors, have been received there from the west.

WASHINGTON, April 9.

It is stated in administration quarters that the recent preparations are for defensive purposes, and nothing is intended not strictly justified by the laws which it is the duty of the President to enforce to the extent of his ability. If resistance were made and blood shed, the responsibility must fall on those who provoke hostilities.

There are newspaper reports which say that military demonstrations were stimulated by the result of certain late elections; but this is an error, as the president intended to reinforce both Fort Sumter and Fort Pickens, but owing to no acquaintance with the means at the command of the government, and the situation of the country, the routing of the militia now proposed was impracticable; in other words, it was necessary to ascertain the extent of the effects bequeathed to the president by the late administration. It was deemed essential to keep everything secret as to military movements, especially sailing of vessels under sealed orders, as under the late administration there were persons who clandestinely communicated its purposes to the secessionists, which frequently occurred before they were reduced to official form, and according to the report of the secretary, "the administration thus found itself embarrassed at the threshold."

The present administration has limited such information to members of the cabinet, and perhaps to several trusty officers, and precautionary measures were taken so as to render next to impossible the acquiring of forbidden information.

The administration, while constantly declaring a peace policy, claims that it can only be held to a strict accountability by the people; and however speculative may be the publications respecting its movements, it is under no obligation to announce in advance its plans and purposes—the administration should be judged by its acts.

That Fort Pickens has been or will be reinforced, admits of no doubt; and the administration will do all in its power to either relieve Anderson or secure his evacuation of Fort Sumter without dishonor or compromise to the government.

Gov. Briggs has telegraphed here from Pensacola for fifteen thousand additional troops. Two more companies of zouaves are about leaving.

HARRISBURG, Pa., April 9. Gov. Curtin states that he has received a letter from President Lincoln, stating that he (Lincoln) has information of a design to attack the city of Washington. Gov. Curtin sent a special message to-day, calling attention to the military organization of the state, and recommending the legislature to make such provisions for the reinforcement of the city as may be necessary, and the preservation of personal rights of citizens, the true sovereignty of the states, and the supremacy of law and order. Announced by these sentiments and indulging the warmest hope of a speedy restoration of peace and friendly relations, and commits the grave subject to your consideration. The message was referred to a joint select committee to report.

The ex-treasurer says no state loan is required to supply half a million for war purposes.

NEW YORK, April 9. Several merchants to-day protested against paying duties, claiming they cannot be compelled to pay until the revenue laws are enforced in the whole country.

A special dispatch to the Post says—It is reported from Charleston, to-day, that Lieut. Talbot has not been permitted to return to Fort Sumter.

Major McCulloch left to-day for Texas.

WASHINGTON, April 9. Despatches have been received here this morning from Charleston, which state that one of the clerks of the state department had arrived there, and had brought a message from Secretary Seward to Gov. Pickens. Mr. Seward in his message distinctly informed Gov. Pickens that Sumter must be supplied with provisions from Charleston markets, and that Maj. Anderson was not furnished regularly, the government would furnish him with those things which they needed. We are in hourly expectation of hearing that hostilities have been commenced in Charleston harbor.

FORT KEARNEY, April 8. The Pony express with California dates to the 27th ult., passed here 8:40 p. m. The senatorial question remains as last advised. The bill to amend the telegraph

corporation, authorizing the present companies to consolidate and extend their lines to Salt Lake to meet the lines to the east, was passed.

News of the formation of the new territory of Nevada gave great satisfaction to the citizens of the Washoe mining region. A brisk scramble for the offices under the organization had already commenced.

The Lady Franklin had arrived at Fraser river.

MANITOWOC COUNTY.—The Manitowoc Tribune of the 6th says—"We find it difficult to get the correct returns of the judicial vote; but the indications are that Knowlton has between 400 and 500 majority in the county."

MARRIED. March 28th, 1861, by Rev. D. O. Jones, Rev. Deacons PARSONS, of Geneva Conference M. R. Church, and Mrs. J. R. Safford, of Mineral Grove.
